The Commissioner of Planning Recommends:

Purpose

On April 20, 2001, the Owner submitted an application to amend the Zoning By-law to rezone the subject lands from PB1(S) Parkway Belt Linear Facilities to EM2 General Employment Area. The rezoning would facilitate the conveyance of surplus CN lands to the adjacent property for truck maneuvering purposes.

To date, no comments have been received. Any responses received will be addressed in the technical review and included in the detailed staff report to a future Committee of the Whole.

Preliminary Review

Following a preliminary review of the proposed application, Staff have identified the following matters to be reviewed in greater detail:

- the proposed rezoning to EM2 Zone conforms to the Official Plan;

- the surplus railway lands will enable the expansion of the driveway area for the employment use at 390 Hanlan Road; and,
- similar zoning amendments have occurred affecting surplus railway lands at the rear of lots on Hanlan Road, for the same purpose.

Conclusion

The above issues, but not limited to, will be considered in the technical review of the application, together with comments of the public and Council expressed at the public hearing or in writing, and be addressed in a comprehensive report to a future Committee of the Whole meeting.
