

**NOISE BY-LAW EXEMPTION  
NORTH DON SEWER REHABILITATION  
REGION OF YORK**

**Recommendation**

The Director of Legal Services recommends that an exemption to the Noise By-law be granted to the Region of York for 3 weeks within the months of September and October 2002 for the necessary rehabilitation work for the North Don rehabilitation work for the North Don Sanitary Sewer System.

**Purpose**

To seek a noise by-law exemption.

**Background - Analysis and Options**

A request was received from Conestoga-Rovers & Associates for an exemption to the Noise By-law for rehabilitation work on the North Don Sanitary Sewer System; between 9:00 p.m. and 6:00 a.m., Monday to Friday for three weeks within September and October. They are performing the work for The Region of York at the Uplands Golf and Country Club. The letter is attached.

**Conclusion**

It is in order to grant the noise by-law exemption.

Mr. Joseph Chiarelli  
Manager of Special Permits, Licensing and Permit  
City of Vaughan  
2141 Major Mackenzie Drive  
Vaughan, ON L6A 1T1

Dear Mr. Chiarelli:

Re: North Dan Sewer Rehabilitation, Contract No. 85  
Noise By-Law Exemption

Conestoga-Rovers & Associates (CRA) is currently performing the design and construction services for the necessary rehabilitation of a section of the North Dan sanitary sewer system for the Region of York. In anticipation of the proposed construction activities, an exemption to Municipal By-Law 27081-2001 (Noise By-Law) will be required. The following points summarize the need for this exemption:

- Rehabilitation work on the sanitary sewer system must take place between the hours of 9:00 PM and 6:00 AM, Monday to Friday, to allow rehabilitation work of the sewer system during low flow periods.
- The existing sewer system is located on the Uplands Golf and Country Club and the Thornhill Golf Club. In order to minimize disruptions to golf course operations, the hours of work stipulated by the golf course owners is between the hours of 9:00 PM and 6:00 AM.

It is expected that this sewer rehabilitation work will be undertaken within the months of September and October 2002. The rehabilitation work will require approximately 3 weeks for completion. The exact construction start date has not yet been determined and will be dependent on weather. In order to ensure that the necessary rehabilitation work is completed, we respectfully request that Council approve this exemption with the following provision:

- This exemption covers work between 9:00 PM and 6:00 AM, Monday to Friday during the month of September and the first two weeks of October 2002. All work shall take place within the Region of York's easements as well as the Uplands Golf and Country Club and the Thornhill Golf Club properties. The exemption shall terminate upon completion of the necessary rehabilitation work.

CRA will inform the City of Vaughan of the expected date of this work as soon as we confirm the successful contractor.
