

**COMMITTEE OF THE WHOLE – SEPTEMBER 2, 2003**

**SUNSET RIDGE & JULIA VALENTINA AVENUE  
3-WAY STOP CONTROL**

**Recommendation**

In response to requests from area residents, Councillor Linda D. Jackson recommends:

THAT a three-way stop control be installed at the intersection of Sunset Ridge and Julia Valentina Avenue.

**Purpose**

To reduce and control speeds along Sunset Ridge and encourage motorists exiting Julia Valentina Avenue to exercise caution when proceeding onto Sunset Ridge.

**Background**

Sunset Ridge is a busy street with motorists using it as an access road into the Sonoma Heights subdivision and as a shortcut from Islington Avenue through to Rutherford Road. It is expected to become busier, with increased vehicular and pedestrian traffic, once the WEA district park is completed.

**Conclusion**

In response to requests received from area residents, it is recommended that a three-way stop control be installed at the intersection of Sunset Ridge and Julia Valentina Avenue.

**Attachments**

1. Petition

**Report prepared by:**

Mirella Compagno, Council Administrative Assistant

Respectfully submitted,

Linda D. Jackson  
Councillor, Ward 2
