

COMMITTEE OF THE WHOLE - OCTOBER 18, 2004

**ALL-WAY STOP CONTROL
MONTE CARLO DRIVE AND MONDAVI ROAD**

Recommendation

In response to requests from area residents, Local and Regional Councillor Linda D. Jackson recommends:

THAT staff be requested to investigate the need for and feasibility of installing an all-way stop control at Monte Carlo Drive and Mondavi Road and to report to the Committee of the Whole meeting of November 1, 2004.

Purpose

To reduce speeds and control traffic at Monte Carlo Drive and Mondavi Road.

Background - Analysis and Options

Vehicles routinely speed along both stretches of road and the area residents perceive a need for speed and safety controls. All-way stop controls will encourage increased moderation in vehicular speeds.

Relationship to Vaughan Vision 2007

This report is consistent with the priorities previously set by Council.

Conclusion

In response to concerns from area residents, it is recommended that staff review the need for an all-way stop control at Monte Carlo Drive and Mondavi Road.

Attachments

None.
