

## **COMMITTEE OF THE WHOLE - JUNE 20, 2005**

### **STOP SIGNS IN THE VICINITY OF ST. ANDREW'S SCHOOL**

#### **Recommendation**

Councillor Tony Carella recommends that appropriate staff conduct studies to determine the appropriateness of installing stop signs at the following intersections in the general vicinity of St. Andrew's Catholic School: Castilian Drive & Sonoma Boulevard, Century Grove & Montebello Avenue, Amelynn Crescent & Montebello Avenue and Royal Pine Drive & Forest Fountain Drive.

#### **Economic Impact**

Nil.

#### **Purpose**

To ensure the safety of residents---particularly school age children----in the area.

#### **Background - Analysis and Options**

The residents of the area have submitted a petition signed by approximately one hundred individuals who live in the vicinity of the school, requesting stop signs at the noted locations. It is therefore appropriate that staff investigate whether such signs are warranted at this time.

#### **Relationship to Vaughan Vision 2007**

This report is consistent with the priorities previously set by Council and the necessary resources have been allocated and approved.

#### **Conclusion**

A traffic study is a reasonable request given the concerns of so many residents of the area
