

**COMMITTEE OF THE WHOLE**                      **APRIL 3, 2006**

**ZONING BY-LAW AMENDMENT FILE Z.03.054**  
**CANADIAN NATIONAL RAILWAY COMPANY**

(Referred from the Council meeting of October 17, 2005)

Council, at its meeting of October 17, 2005, adopted the following:

That this matter be referred to the Committee of the Whole meeting of April 3, 2006, in accordance with the request contained in the written submission of Mr. Andrew E. Salem, Fraser Milner Casgrain LLP, 1 First Canadian Place, 100 King Street West, Toronto, M5X 1B2, dated September 16, 2005, and the memorandum from the Commissioner of Planning, dated September 21, 2005.

Council, at its meeting of June 15, 2005, adopted the following:

That this matter be referred to the Committee of the Whole meeting of October 11, 2005, in accordance with the written submission of Mr. Andrew E. Salem, Fraser Milner Casgrain LLP, 1 First Canadian Place, 100 King Street West, Toronto, M5X 1B2, dated June 7, 2005.

**Report of the Commissioner of Planning dated June 8, 2005**

**Recommendation**

The Commissioner of Planning recommends:

THAT Zoning By-Law Amendment File Z.03.054 (Canadian National Railway Company) BE APPROVED, subject to the following conditions:

- a) That the implementing zoning by-law shall:
  - i) rezone the subject lands adjacent to Regional Road #7 (3.79ha) and Highway #407 (0.99ha) from EM4 Employment Area Transportation Zone to EM1 Prestige Employment Area Zone in the manner shown on Attachment #2; and
  - ii) rezone the remaining interior lands (8.08ha) from EM4 Employment Area Transportation Zone to EM2 General Employment Area Zone in the manner shown on Attachment #2.

**Economic Impact**

There are no requirements for new funding associated with this report.

**Purpose**

The Owner has submitted an application to amend the Zoning By-law to rezone 12.86 ha of surplus CN Rail lands from EM4 Employment Area Transportation Zone to EM1 Prestige Employment Area Zone (adjacent to Regional Road #7 and Highway #407) and EM2 General Employment Area Zone (internal) in the manner shown on Attachment #2, to facilitate future employment development.

storage along Regional Road #7 and Highway #407, and general employment uses with outside storage in the interior of the site.

#### Land Use/Compatibility

CN Rail does not have any users for the parcels to be zoned EM1 and EM2 Zone, and are requesting that their surplus property be pre-zoned to facilitate future use for employment development, in accordance with the uses permitted by the respective zones in By-law 1-88. On this basis, prestige employment uses with no outside storage would be located adjacent to Regional Road #7 and Highway #407, thereby providing up-graded employment development and attractive building facades along these major arterial roads and highways. The interior of the property, when developed, would be less visible from the adjacent roads, and may or may not require outside storage.

Staff has reviewed the concerns from the owner of an adjacent property (29-35 Killaloe Road) to the west, related to water run-off and excess road dust due to truck traffic on the service road within the subject lands.

The future development of the site would be reviewed through the site plan approval process which would address these issues. The review would also consider site layout, access, traffic management, landscaping, building elevations, storm water management, site servicing and grading, and treatment of all internal road surfaces. In addition, any necessary exceptions to the EM1 and EM2 Zone requirements to implement the approved site plan would be identified, and would require approval from the City.

Staff is satisfied that the proposed rezoning is appropriate and compatible with the surrounding employment and railway development, and in conformity with the Official Plan.

#### Region of York

The site will be served by two access points, a future right-in/right-out access onto Regional Road #7 as indicated below, and an existing driveway connection to a cul-de-sac at the eastern terminus of Freshway Drive that will be retained and upgraded. The Region of York has no objection to the proposal and requests that any future site plan applications be subject to the following conditions:

- Only a right-in/right-out vehicular access shall be permitted to Regional Road #7; and,
- The future Regional Road #7 rapid transitway shall be built through this area, and as such, a 5m wide buffer shall be planned in addition to the 45m road right-of-way along the frontage of Regional Road #7.

A traffic study was prepared on behalf of the applicant by Sernas Transtech, which considered the traffic impact of the redevelopment of the lands for employment uses, and to determine if any road improvements were necessary as a result of any additional traffic on the adjacent streets. The study concluded that the proposed rezoning to facilitate redevelopment of the site would not impact the surrounding road network. The traffic volumes attributed to the subject development can be supported by the existing area road network without undue impacts. The Region of York Transportation and Works Department and the Vaughan Engineering Department have both approved the traffic study.

#### Ministry of Transportation (MTO)

The MTO has no objections to the proposal. All buildings and structures must be setback a minimum of 14m from the Highway #407 property line. The Ministry will require permits for all buildings located within 46m from their property line and 400m from the centre point of Highway #407.

## **Relationship to Vaughan Vision 2007**

This staff report is consistent with the priorities set forth in Vaughan Vision 2007, particularly "A-5", "Plan and Manage Growth".

## **Conclusion**

Staff has reviewed the proposed Zoning By-Law Amendment application in accordance with the policies of OPA #450, the requirements of By-Law 1-88, and the area context. Staff is satisfied that the proposed rezoning of the subject lands from EM4 Employment Area Transportation Zone along Regional Road #7 and Highway #407 to EM1 Prestige Employment Area Zone, and the remaining interior lands to EM2 General Employment Area Zone, is appropriate and compatible with the surrounding employment and railway development, and in conformity with the Official Plan.

On this basis, Staff can support the approval of the proposed application to amend the Zoning By-law, subject to the conditions contained in this report.

Dear Sirs:

**Subject: Canadian National Railway Company  
Application to Amend Zoning By-law - File Z03.054  
Committee of the Whole Meeting scheduled for June 8, 2005  
Agenda Item No. 36  
Request for Deferral to October 17, 2005 Committee of the Whole Meeting**

**ADDITIONAL  
INFORMATION**

**ITEM # 36**

CW June 8, 2005

We are the solicitors for Canadian National Railway Company ("CN") with respect to the above noted matter. We are writing to request that the item be deferred to the October 17, 2005 Committee of the Whole Meeting.

CN has submitted the Application to amend the Zoning By-law to rezone a portion of its lands having an area of approximately 12.86 hectares located north of Highway 407 and south of Regional Road No. 7 between Keele Street and Jane Street. The proposed amendment would rezone the property from EM4 Employment Area Transportation Zone to EM1 Prestige Employment Area Zone and EM2 General Employment Area Zone.

The Application was submitted in late 2003 and on March 1, 2004 the Committee of the Whole recommended to receive the public hearing report and to forward a technical report to a future Committee meeting. This was ratified by Council on March 8, 2004. The technical report has now been prepared, and the Commissioner of Planning recommends that the By-law amendment be approved in accordance with the conditions set out in the report. CN believes that the report accurately summarizes the proposal and CN is satisfied with the recommendation.

---

26.6

CN had submitted the Application to amend the By-law on the basis that the subject lands were to be deemed surplus to the needs of the CN railway facility. The rezoning would facilitate a future severance and conveyance of the subject lands to a new owner. However, we have been advised that CN is now reconsidering whether the subject lands will be considered surplus. If it is determined that the lands are required for continuing railway operations, it would not be appropriate to rezone the property from the existing EM4 zoning category.

For this reason, CN would like to request that the matter be deferred to the October 17, 2005 Committee of the Whole Meeting.

We apologize for any inconvenience this may cause, but in the circumstances this would appear to be the appropriate course of action, pending a determination by CN as to its intentions for the subject lands. We understand that a decision will be made by CN prior to mid-October and we are therefore requesting that the item be returned to the agenda for the October 17, 2005 meeting.

We trust this is satisfactory. If there are any questions or concerns, please contact the undersigned.

Yours truly,

**FRASER MILNER CASGRAIN LLP**

Dear Sirs:

**Subject: Canadian National Railway Company ("CN")  
Application to Amend Zoning By-law - File Z03.054  
Request for Deferral from October 17, 2005  
to April, 2006 Committee of the Whole Meeting**

**ADDITIONAL  
INFORMATION  
ITEM # 26**

**CW – October 11, 2005**

We are writing to request that this item be deferred to the first Committee of the Whole Meeting in April, 2006.

As we noted in our correspondence of June 7, 2005 (copy attached), CN had submitted the Application on the basis that the subject lands were to be deemed surplus to the needs of the CN railway facility. The rezoning would facilitate a future severance and conveyance of the subject lands to a new owner. However, we have been advised that CN is reconsidering whether the subject lands will be considered surplus. If it is determined that the lands are required for continuing railway operations, it would not be appropriate to rezone the property from the existing EM4 zoning category.

Prior to the scheduled consideration of the matter on June 7, 2005, we requested that the matter be deferred to the October 17, 2005 Committee of the Whole Meeting. As CN has not yet determined its intentions for the property, we are writing to request that the matter be returned to the agenda at the first Committee of the Whole Meeting in April, 2006.

26.9

We trust this is satisfactory. If any further information is required, please contact the undersigned.

Yours truly,

**FRASER MILNER CASGRAIN LLP**

**CW – October 11, 2005**

**TO: MAYOR AND MEMBERS OF COUNCIL**

**FROM: JOHN ZIPAY, COMMISSIONER OF PLANNING**

**DATE: SEPTEMBER 21, 2005**

**SUBJECT: ADDITIONAL INFORMATION  
COMMITTEE OF THE WHOLE MEETING – OCTOBER 11, 2005  
ZONING BY-LAW AMENDMENT FILE -Z.03.054  
CANADIAN NATIONAL RAILWAY COMPANY  
SOUTH SIDE OF REGIONAL ROAD #7, THROUGH TO HIGHWAY #407,  
WITHIN THE CN MAC MILLAN RAILWAY YARD  
PART OF LOTS 4 AND 5, CONCESSION 4, CITY OF VAUGHAN**

---

On August 1, 2003, the owner submitted an application to amend the Zoning By-Law to rezone the subject lands (12.86ha) from EM4 Employment Area Transportation Zone to EM1 Prestige Employment Area (adjacent to Regional Road #7 and Highway #407) and EM2 Employment Area General (interior), to facilitate employment development.

The recommendation of the Committee of Whole on March 1, 2004, to receive a Public Hearing report and to forward a technical report to a future Committee meeting, was ratified by Council on March 8, 2004.

The technical report was scheduled for the June 8, 2005 Committee of the Whole meeting. On June 7, 2005 the applicant requested that the item be deferred to October 11, 2005. The application was submitted on the basis that the subject lands were deemed to be surplus to the needs of the CN Railway Facility and the proposed rezoning would facilitate a future severance and conveyance of the lands to a new owner. CN is currently reconsidering whether the subject lands are surplus or if they are required for continued railway operations. Accordingly, CN has requested (by letter dated September 16, 2005) that the item be deferred to the first Committee meeting in April 2006.

Respectfully submitted,

John Zipay  
Commissioner of Planning
