Purpose

Vellore Woods Boulevard within the Major South Phase I subdivision has been completed and is ready to be assumed by the City.

Background - Analysis and Options

There are no lots fronting this street. The development is located east of Weston Road and north of Rutherford Road as shown on Attachment 1.

The Subdivision Agreement was signed on September 8, 1999. The municipal services in Plan 65M-3363 were installed in May 1999 and the top course asphalt was placed in June 2003.

All the documentation required by the Subdivision Agreement for assumption has been submitted. The Commissioner of Engineering and Public Works has received clearance from all pertinent City Departments including Engineering Services, Public Works, Building Standards, Parks Development, Parks Operations and Forestry, Development Planning and Clerks. The Reserves and Investments Department has also confirmed that all of the City's financial requirements regarding this subdivision have been met.

Relationship to Vaughan Vision 2007

The development of this subdivision and the assumption of the municipal services is consistent with Vaughan Vision 2007, which encourages managed growth through the implementation of OPA 600 (4.7.1). OPA policies require that development take place in accordance with the requirements and standards of the City and relevant agencies.

This report is consistent with the priorities previously set by Council.

Regional Implications

There are no Regional implications with respect to the assumption of the municipal works within this subdivision development.

Conclusion

It is therefore appropriate that the municipal services in 65M-3363 be assumed and the municipal services letter of credit be released.
