

COMMITTEE OF THE WHOLE - DECEMBER 1, 2009

REQUEST FOR STAFF TO INSTALL STREET LIGHTS ALONG WITH SLOW SIGNS ON STEGMAN'S MILL ROAD

Recommendation

Councillor Peter Meffe recommends:

1. That staff be directed to install a slow signs along Stegman's Mill between Ravendale Gate and Napier St; and
2. That staff be directed to provide a report with respect to the installation of street lights along Stegman's Mill Road between Ravendale Court and Islington Avenue.

Contribution to Sustainability

N/A.

Economic Impact

Will be determined once the report has been reviewed.

Communications Plan

N/A.

Purpose

The purpose of this report is to deter drivers from driving at excessive speeds along this section of Stegman's Mill Road.

Background - Analysis and Options

Stegman's Mill Road is a winding road which has inclines and declines, along with several blind spots and curves. There is also a park located at a bottom of decline portion of the road. Residents that live in the area have had issues with crossing the road safely. They also feel that the fact that there are no street lights poses further safety issues. The installation of the slow signs along with the street lights would greatly improve safety and visibility along with making the drivers aware that they should not be driving at excessive speeds.

Relationship to Vaughan Vision 2020/Strategic Plan

This report recommends a change from the priorities previously set by Council and the necessary resources have not been allocated.

Regional Implications

N/A

Conclusion

It is my feeling that the above request is reasonable and the residents that live along Stegman's Mill have relevant concerns which should be addressed.

Attachments

Petition from Residents.

Report prepared by:

Councillor Peter Meffe

Respectfully submitted,

Peter Meffe

Mayor Linda Jackson
 City of Vaughan, Ontario, Canada

Dear Mayor Jackson,

RE: speed humps and streetlights on Stegman's Mill Road, Kleinburg to prevent loss of life or severe injury

We the people living on Stegman's Mill Road and the streets branching off it in Kleinburg, Ontario ask that speed humps be built between Islington Avenue and Kipling Avenue as the cars and trucks traveling on Stegman's Mill Road frequently reach the speed of 80 km/hour when the posted speed is 40 km/hour, thus endangering our lives and physical integrity on a daily basis. We also ask that several streetlights be erected on Stegman's Mill Road as this residential neighbourhood is enveloped in deep, unsafe darkness at night. We thank you in advance for your help with this extremely important matter.
