

COMMITTEE OF THE WHOLE FEBRUARY 2, 2010

AWARD OF TENDER T10-004, REMOVAL OF SEDIMENT FROM STORM WATER MANAGEMENT POND NO. 98.

WARD 2

Recommendation

The Commissioner of Engineering and Public Works, in consultation with the Director of Purchasing Services, recommends:

THAT the Award of Tender T10-004, for removal of sediment from Pond #98, be brought forward to Council.

Economic Impact

Funds for this work are allocated through the Capital Budget process.

Contribution to Sustainability

The removal of sediment from Pond #98, is an essential program to the sustainability of the City's future infrastructure.

Communications Plan

N/A

Purpose

The Purpose of this report is to advise Council of the upcoming tender award for storm water management pond #98.

Background - Analysis and Options

Tender T10-004 was advertised in the Daily Commercial News, Bidding, the Ontario Public Buyers Association and on the City Web page and closed on Friday January 8, 2010.

The removal of sediment from the approved stormwater management pond #98 is required to mitigate the impact of sediment on the downstream receiving water course. It is also required to ensure that adequate storage is maintained in the stormwater management facilities at all times, as required by the design. The scope of work includes the preparation of the site, the supply and construct silt fencing, temporary pond dewatering; excavate and temporarily stockpile the sediment, test the sediment for regulated materials, dispose of excavated sediment, and site restoration activities. Pond #98 is located off of Vaughan Mills Road, north of Royalpark Way.

Due to the timing of the Committee and Council meetings, staff will not have had time to review the tenders and check for references to make a recommendation by the deadline for report submission to Committee of the Whole. However, it is anticipated that a further report will be coming forward to Council at its meeting of February 16, 2010 with a recommendation for award.

Relationship to Vaughan Vision 2020

This report is consistent with the priorities previously set by Council, specifically Vaughan Vision's A-3 "Safeguard Our Environment", and D-1 "Enhance Productivity & Cost Effectiveness".

Regional Implications

There are no implications to the Region as a result of this tender award.

Conclusion

Once staff have had an opportunity to review the tender documents, a further report will be submitted to Council with a recommendation for award.
