Dear Mr. Abrams,

We would like to request for a deputation to the Committee of the Whole Meeting on Tuesday, October 25 as follows:

Topic: Lease of Patricia Kemp Community Centre for a minimum of 20 years for their use and community at large.

Deputants:

- 1) Erlinda Insigne, Pres, Filipino-Canadian Association of Vaughan – 5 min.
- 2) Mathew John, Chair, Toronto Malayalee Samajam - 5 min.

We would appreciate it very much if you could schedule us in the Agenda as the first speakers.

We look forward to hearing from you.

Thank you.

Mr. Abrams,

I have been advised to contact you by Councillor Carella's office. I would like to address council to put in place a similar by-law which currently exists in both Mississauga and The City of Toronto which makes it illegal for a property owner to enter into an exclusive concession agreements with any licensed taxi driver, owner or Brokerage. I will provide copies of my deputation and other materials prior to the scheduled date. Please advise if you have any questions or require further information at this time.

Also please reply confirming that I will be added to the list for deputations on October 25, 2011 and

RECEIVED

OCT 05 2011

CITY OF VAUGHAN
CLERKS DEPARTMENTITEM # - Presentations & Deputations (8d)October 4th, 2011

To the City of Vaughan,

We the homeowners of Amalfi Court, in Woodbridge Ontario would like to be present at your next City Hall meeting, which we understand will be taking place on October 25th, 2011. We the committee of 5 members of Amalfi Court, wish to be present and speak regarding the following concerns:

1. City of Vaughan to assume ownership and responsibility of pipelines for water supply, sewers, electrical wiring, including telephone and gas lines – as the city already does in all other neighbourhoods of Vaughan. Since we are a condominium corporation, we will continue to remain owners and be responsible for the road and removal of snow of Amalfi Court.
2. City garbage trucks to pick up, by reversing onto Amalfi Court from Martingrove Road in order to remove all garbage and recycle bins from the street. Today this is not possible, because the street of Amalfi is narrow and no garbage truck is willing to enter – because they will need to drive in reverse in order to back out onto Martingrove Road. If we can get this approved, we will ensure that we will not have any vehicles parked on Amalfi Court on the day of garbage and recycle bin pick ups

The above concerns are critical to our quality of life and our day to day living, as we are all seniors and five of the eighteen homeowners are in wheelchairs. Thus, not able to carry garbage 350 feet to the main road of Martingrove in order to have it removed by the city.

We plead with you to allow us to speak and hear our cries for assistance, as we need our voices heard.

Kindest regards,

The committee of Amalfi Court

Re: UJA Federation of Greater Toronto signs,
City of Vaughan By-Law Third (3rd) Party signs

Dear Mr. Abrams:

We are writing to you on behalf of the UJA Federation of Greater Toronto. We would like a deputation at the Committee of the Whole meeting scheduled for October 25th, 2011.

We have been advised by the Building Department staff that the sign variance application should be submitted with the fee of \$500 for each location. We will provide the proper documents to the Building Department along with our request for a deputation regarding the existing signs that have been located in the City of Vaughan. We respectfully request that the fee (\$500) be applied to all locations (as a whole) not each location. As you are aware the UJA Federation of Greater Toronto is a not-for-profit organization that provides social welfare for the Jewish community and the community-at-large.

We will ensure that:

- We will have two temporary signs in place (4 ft. x 4 ft) to be located at community buildings and private institutions of our annual campaign and Walk with Israel events.
- Our annual campaign sign will be up for no longer than 7 months and the Walk with Israel sign for approx. 3 months.
- We also ensure that all signs will be placed on private property and properties that belong to our community.
- These institutions will provide authorization letters, upon request.

Subject: debutation request for Glen Shields Activity Centre

To whom it may concern,

I have spoken with councilour Alan Shefmans office. I am writing this e-mail as a request to the City of Vaughan to allow me to approach city council during a council session to discuss the issue of building demolition. Specifically that of the Glen Shields Activity Centre located in the Glen Shields Park. I would specifically like to address the following in regards to this venue:

- #1. The roof shelter and building.
- #2. The row of circular benches.
- #3. The large concrete block stairs with the ramp and railing.

I would like to discuss the positive aspects as to why the above should not be tampered with in any shape or form.

I would also like to request:

- #1. A voluntary shoveled and maintained ice pad. Which is already used as a basketball court in the summer months.
- #2. Installation of fixed picnic benches/black metal benches and fixed garbage/recycling containers in the most utilized/nesessary locations.
- #3. Maintenance of existing trees in the nearby vicinity.

I trust that you will grant my request to speak on these matters as they are in the best interest of the residences of Glen Shields.

Thank you for your time in this matter,

Regards,

Taavo Rosenberg

Hello Mr. Whiteley,

Please be advised that you have been placed on the October 25, 2011 Committee of the Whole agenda for deputation.

Deputations are heard at 3:00 p.m. and are *5 minutes in length in total*.

If there is any information material, please forward it to our office asap to allow processing. If the material is brought to the meeting, please provide 18 copies to the Clerks Department staff.

Personal information relating to the deputation is being collected pursuant to the Municipal Act, 2001 for the purpose of producing meeting materials and minutes for or arising from the City of Vaughan Committee of Council meeting. The information will be available to the general public in a hard copy format and on the City's website. Questions about this collection should be directed to the City Clerk, City of Vaughan, 2141 Major Mackenzie

 To: Caputo, Mary
 Subject: RE: CWA1025_3[1].pdf

Hi Mary,

Thank you for sending me the document. I have looked it over and have a few concerns about section vii) Road Network:

The document states the following:

"Benjamin Hood Crescent and Elderbrook Crescent have an existing road allowance of 15.0m. The applicant has proposed to increase the exiting road allowance by 2.5m to a width of 17.5m, which will provide additional spacing for utilities on the north side of the street. **However, the pavement width will remain 7.0m per the existing condition and will not be increased to 8.0m, which is the standard pavement width for a 17.5m metre right-of-way.** In a road allowance of 15.0m, a pavement width of 7.0m is designed to accommodate two travel lanes with no parking in accordance with City of Vaughan Design Criteria and Standard Drawings. Therefore, **it is recommended** that a warning clause be included in the agreement of purchase and sale advising purchasers of the **parking limitations** on Benjamin Hood Crescent and Elderbrook Crescent."

My concerns are as follows:

- 1) The existing road (Elderbrook Crescent) will not be widened and as is expected to accommodate two cars to pass without any other cars parked on the roadway. This is a safety concern since it is inevitable for visitors to park along the road at any given time.
- 2) The document only "recommends" that a warning clause be included in the agreement of purchase and sale. This may not in fact be enforced.
- 3) Would the new "parking conditions" only apply to the new owners or to existing residents as well?

Please advise.

Sincerely,

Lina Simpson

Subject: Duty to Consult
Importance: High

October 24, 2011

Dear Regional Mayor Bevilacqua:

RE: Notification of Failure to Consult with Williams Treaty First Nations in Regard to Signed Agreements and the Building of a Cultural Centre between Huron Wendat and the City of Vaughan.

Please be advised that the Williams Treaties First Nations have not been consulted on any agreements signed within our treaty and traditional territory between the Huron Wendat and the City of Vaughan as described in a Member's Resolution dated September 13, 2011, entitled Huron-Wendat Nation and City of Vaughan Partnership and submitted by Regional Councillor Michael Di Biase.

As you may be aware, the area in which your project is proposed is situated within the Treaty and Traditional Territory of Hiawatha and other Mississauga First Nation's. Our First Nation's Territory is incorporated within the Williams Treaties Territory and is the subject of a claim under Canada's Specific Claims Policy; therefore we strongly suggest that you provide Karry Sandy-Mackenzie, Williams Treaty First Nation Claims Coordinator with a copy of your proposal as your obligation to consult also extends to the other First Nations of the Williams Treaty.

Under the duty to consult, it is your responsibility to notify any First Nations that has a right that may be infringed upon, we, the Hiawatha First Nation, is hereby giving the City of Vaughan notice that these agreements that are being signed within our territory is infringing on our treaty rights. It is your obligation to ensure the honour of the crown (government officials are obliged to conduct consultations with Aboriginal peoples in a manner which protects the dignity of the Crown with no sharp dealings) The City of Vaughan is in violation of that obligation.

If you have not already done so, please forward all relevant information to the address below. Until the information has been received, we insist that all operations and dealings regarding these agreements be halted until Hiawatha First Nation, and other Williams Treaty Mississauga First Nations have had a chance to properly review the information.

Thank you for recognizing the importance of consultation and respecting your duty to consult obligations as determined by the Supreme Court of Canada.

If you have any questions or would like further information, please do not hesitate to contact me.

A delegation from 3 of the Mississauga First Nations plan to attend your Committee of The Whole meeting today at 1. I look forward to meeting you then.

Thank you,

Chief Sandra D. Moore

October 25/11

Item 3

To City of Vaughan Committee(PublicMeeting)
From:Nick Stepanov living on Dufferin Hill dr 110.

Subject:proposed building of 31 townhouse north of
Benjamin Hood and Elderbrook cres.

My daughter Kate Andersen lives in Benjamin Hood Cres 143,she is at work now.
I'm frequent visitor to her house and we are deeply concerned on the matter of proposed
addition of 31 townhouses.

First Benjamin Hood Cres.doesn't even have sidewalks,it's like private road for local
traffic, .People living on Benjamin Hood walk on the road
deviating between parked cars and traffic.It's not safe to use this street for pedestrians
and after addition of new houses it'll be dangerous.

Second , houses on Benjamin Hood Cres have no driveways and we have to park cars
on the side of the road which makes street very much congested in evenings and
weekends.Having sides of the road full of cars turns traffic hazardous and even
dangerous.Any increment of traffic will change matter to the worse.

For visitors,supply cars,emergency vehicles there is no place to park whatsoever.

Finally, laneway V13 which is lined on both sides by 90 garages is very narrow
and barely enough for existing traffic,no question after building of new houses
it will not be safe.

On Benjamin Hood and Elderbrook our children play on the road having no other place
to play games.

Area in question has been developed already 10 years ago pursuant to number of houses
and quantity of population.If developers want to build additional houses let them provide
separate access from Dufferin and Ten Oaks streets.Then why to build three stories
houses.All existing dwellings are two stories.

Nick Stepanov. Vaughan 25th October.

 /NICK STEPANOV/

C13
Cw October 25/
Item 3

To: Public Hearing Committee of the City of Vaughan
From: Deputation of people living in the area of proposed development

Re: Developement West of Dufferin Street, South of Rutherford Road.

Undersigned deputation of people who live in the area of proposed development are worried and concerned about proposed additional construction of townhouses in the area in question. Our concerns and worries based on the following matters.

1. Area in question has been developed in full taking into account quantity of houses and average population. Any addition of houses to already existing will aggravate safety and well being of its citizens.
2. The area is already overpopulated and saturated with traffic. Benjamin Hood Cres West side has no sidewalks and people for walking use road which not safe and will be even more dangerous after construction of more houses, increase of traffic and population.
3. Houses on Benjamin Hood Cres West side have no driveways either on the front or at the garages on Laneway 13. People living in that area have no choice but to park cars by the curb which makes street congested in the evenings, weekends and holidays. Any increase of traffic and number of pedestrians will be not safe.. Laneway 13 already has abt 90 mostly double car garages on both sides, no lighting available, local children often use this lane as playing ground. Any addition of traffic here is dangerous
4. For visitors, emergency vehicles there is in no place to park on Benjamin Hood Cres West side.
5. Proposed development will decrease value of existing houses, worsen safety living conditions of local citizens especially children and seniors.

And finally. On the previous meetings reg. this matter we were told to think about developers' interests, but developers themselves should have planned developement of that area in full together with plaza area. To our understanding developers should provide separate access from Dufferin Street/Ten Oaks to proposed construction and not deteriorate living condition of existing, already developed area. Then why to build three storeys houses on this already congested area. All existing Houses are two floors high.

To this latter attached find list of residents with address, names and signatures.

Regars, deputation of local residents.

Dear Honourable Mayor Bevilacqua and Members of Vaughan City Council:

I am writing to you in support of the many organizations for whom the Patricia Kemp Community Centre (PKCC) is used as a venue vital for the continuation of their activities and services to our communities.

Our region is one of the fastest growing in the province and while I understand that the City has declared the PKCC facility as surplus, effective July 31, 2010, there are community groups within the City of Vaughan namely the Filipino-Canadian Association of Vaughan and the Toronto Malayalee Samajam Association who are genuinely willing to take over the facility and its operational costs for their use and for the community at large.

That is why today I am adding my voice to that of those presenting deputations before Council to urge you to approve a long term lease of the Patricia Kemp Community Centre facility.

Thank you for your serious consideration of this matter.

Sincerely,

Peter Shurman, M.P.P.

Re: Filipino-Canadian Association of Vaughan – Patricia Kemp lease

Oct 23, 2011

To members of City of Vaughan Council:

As a long time resident of Thornhill, Vaughan in the Dufferin- Center area I can personally attest to the community spirit and involvement of the Filipino-Canadian Association of Vaughan (FCAV) at their present home in the Patricia Kemp Community Center.

The residents of Thornhill would like to see more community destinations. The Gallonough library has been kept running with the involvement of neighbourhood residents (after the City of Vaughan approved dismantling the site) and it is my understanding the FCAV is offering to renovate and maintain the Patricia Kemp site in a somewhat similar fashion. I would hope that all possible consideration be given to their proposal.

Sincerely,

October 18, 2011

Mayor Maurizio Bevilacqua
Members of Council
City of Vaughan
2141 Major Mackenzie Drive
Vaughan, Ontario, L6A 1T1

Hon. Mayor Bevilacqua and Members of Council:

Re: Patricia Kemp Community Centre (PKCC)

On behalf of the Lakeview Estate Ratepayers Association, I strongly support the Filipino-Canadian Association of Vaughan (FCAV) and the Toronto Malayalee Samajam (TMS) in their petition for a long term lease of Patricia Kemp Community Centre (PKCC) for their use and that of the members of other local communities at large.

PKCC provides the facilities to the surrounding communities of different background for various cultural and social activities including sports and physical fitness of the younger generation. Some of the long time users and beneficiaries of PKCC facilities are FCAV, TMS, Glen Shields Soccer Club, Lakeview Estate Rate Payers' Association, etc. just to name a few.

The City of Vaughan being the leader in providing the highest quality of Municipal services to its residents can be proud of listening to these groups and granting their reasonable request for a worthy cause. A long term lease of PKCC with its much-needed facilities will be of immense benefit to the local residents and the neighborhood communities for social and cultural development and providing uninterrupted services to their members.

I sincerely hope and request that you will seriously consider the petitions of the above-mentioned associations to lease PKCC for a longer period considering continuing benefit it can provide to all the users, including the Lakeview Estate Rate Payers' Association.

Yours very truly,

Prodyot Lala, C.A.

Members of Council
City of Vaughan
2141 Major Mackenzie Drive
Vaughan, Ontario, L6A 1T1

Dear Mayor Bevilacqua and Members of Council:

On behalf of Markham Federation of Filipino Canadians, we wish to support the Filipino-Canadian Association of Vaughan (FCAV) in their petition to lease Patricia Kemp Community Centre (PKCC) for 20 years for their use and for the use of the community at large.

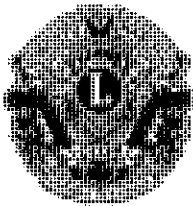

The long year lease of PKCC with its much-needed facility will be of genuine benefit to all neighborhood communities including ours. It will help provide a network of community groups working towards providing services among the residents and communities at large.

We hope that you will seriously consider the request of the above-mentioned association to lease of PKCC for 20 years for the benefit of all.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Ramon Ombao".

Ramon Ombao
Acting Chair/President
Markham Federation of Filipino Canadians
1151 Denison Street Units 8-11
Markham, Ontario L3R-6T7

WE SERVE

TORONTO MABUHAY LIONS CLUB

October 11, 2011

Mayor Maurizio Bevilacqua
Members of Council
City of Vaughan
2141 Major Mackenzie Drive
Vaughan, Ontario, L6A 1T1

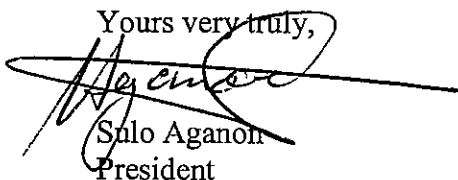

Dear Mayor Bevilacqua and Members of Council:

On behalf of the Toronto Mabuhay Lions Club, I wish to support the Filipino-Canadian Association of Vaughan (FCAV) and the Toronto Malayalee Samajam in their petition to lease Patricia Kemp Community Centre (PKCC) for 20 years for their use and for the community at large.

The lengthy lease of PKCC with its much-needed facility will be of genuine benefit to all neighborhood communities including the Toronto Mabuhay Lions Club. Moreover, PKCC provide services to the surrounding communities of different background and improve social connections among the residents.

I hope that you will seriously consider the request of the above-mentioned associations to lease of PKCC for 20 years for the benefit of all.

Yours very truly,

Sulo Aganon
President

1441 Clark Avenue West, Thornhill, Ontario, Canada L4J 7R4

October 12, 2011

Mayor Mauricio Bevilacqua
Members of Council
City of Vaughan
2141 Major Mackenzie Drive
Vaughan, Ontario, L6A 1T1

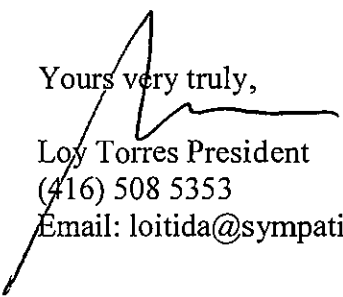

Dear Mayor Bevilacqua and Members of Council:

On behalf of Filipino Seniors Club, I wish to support the Filipino-Canadian Association of Vaughan (FCAV) and the Toronto Malayalee Samajam in their petition to lease Patricia Kemp Community Centre (PKCC) for 20 years for their use and for the use of the community at large.

The long year lease of PKCC with its much-needed facility will be of genuine benefit to all neighborhood communities including ours. Moreover, PKCC provide services to the surrounding communities of different background and improve social connections among the residents.

I hope that you will seriously consider the request of the above-mentioned associations to lease of PKCC for 20 years for the benefit of all.

Yours very truly,

Loy Torres President

Deputation Re: Exclusive Taxi Stands

Good Afternoon Members of Council, Ladies and Gentlemen:

Thank you for allowing me the opportunity to address you this afternoon. My name is Andrew Whiteley and I am the General Manager of City Taxi. We are a licensed taxicab brokerage for the City of Vaughan.

As we all know the City of Vaughan has some very exciting projects and development in the works. As this City continues to grow and develop as among the most desirable residential and business communities in the country, I believe a by-law that deals with the issue of exclusive taxi stands must be implemented to maintain the high civic standards the City of Vaughan has strived to achieve.

An exclusive taxi stand is where a taxi company, driver or owner pays financial consideration in exchange for being the only Taxicab Company, driver, or owner allowed to queue up at a taxi stand on private property. Exclusive Taxi Stands are not in the best interest of our customers or the Taxi Industry. I will provide you with a number of examples to illustrate exactly what the potential problems associated with exclusive taxi stands are. But first I want to bring to your attention a copy of the Toronto Municipal Code # 545-148 (E) and the Mississauga By-Law 420-04, Schedule # 8 that was provided in your agenda package.

In both these municipalities, they have been pro-active to avoid problems associated with exclusive taxi stands, and as a result, these two municipalities have made it illegal for members of the taxi industry, to enter into exclusive taxi stand agreements with private property owners. As an example, in the City of Toronto, Yorkdale Shopping Centre is one of the busiest malls. All licensed City of Toronto taxis are allowed to sit at the Yorkdale Taxi stand and wait for customers. The same is true for Square One, the busiest mall in Mississauga. Any Licensed City of Mississauga taxi is allowed to sit at Square One and wait for customers.

I want to emphasize an important distinction; I am not requesting a by-law against private property owners. What I am requesting, the creation of a by-law that specifically targets members of the taxi industry, and as Taxi regulators for the City of Vaughan this is within your authority to create. By default the by-law would impact Private property owners.

Currently there are two very popular shopping malls in Vaughan where taxi companies have entered into exclusive taxi stand agreements. One is the Promenade, the other is Vaughan Mills. I want to make it clear that I am not accusing the management of either of these two locations of any wrong doing as the law stand currently stands.

At Vaughan Mills, through the property Management Company of Cambridge Ivanhoe, they issued an RFP to perspective Taxi companies in June 2010. City Taxi prior to my arrival in September 2010 provided a submission for this RFP. Had I been in my present position at the time the RFP was issued City Taxi would not have participated. I would have begun my efforts at that time to introduce a by-law which prohibits exclusive taxi stand agreements.

Exclusive taxi stands in no way puts the customers first. Limiting availability of taxis especially during daily peak periods and peak holiday season is of no benefit to the customer. Exclusive taxi stands just by their nature do not facilitate good customer service.

More importantly if the City of Vaughan does not take action it allows a murky business environment to exist where kick back and even extortion can come into play. What will constitute an exclusive agreement? In Montreal last year there was a highly publicized case which received national media attention. Six staff members at the famed Queen Elizabeth Hotel were fired and charged with extortion. Taxi drivers could only pick-up fares at this hotel if they paid staff anywhere from \$5-\$30, depending on the trip destination. If this incident had occurred in the City of Vaughan it may have been considered perfectly legal under the guise of an exclusive agreement.

Does the City of Vaughan as the taxi regulator really want to allow and facilitate agreements where money exchanges hands for this purpose? Anytime money gets involved in an exclusive agreement you open the door for kick-backs and corruption. Also by allowing exclusive taxi stands it becomes less about the quality of service and more about being the highest bidder. Also to cover costs for these types of agreement it will likely trickle down to either the customer or driver.

Canada's Wonderland is a perfect example of how it should work in the City of Vaughan. Wonderland facilitates a taxi stand on their property and welcomes all licensed taxis.

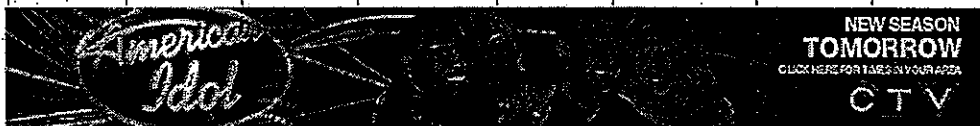

I thank you for your time and consideration this afternoon. I would now like to request each member for their support by moving forward my recommendation and implementing a law similar to what currently exist in both Toronto and Mississauga.

WHAT'S ON

Montreal police have arrested six doormen who work at the Queen Elizabeth hotel, saying they have been pressuring taxi drivers to pay them for customers.

Updated: Fri Nov. 19 2010 9:01:31 AM

ctymontreal.ca

MONTREAL — Doormen at one of the most luxurious hotels in Montreal have been arrested as part of an extortion conspiracy investigation.

Montreal police arrested six doormen who work at the Queen Elizabeth hotel, saying they have been pressuring taxi drivers to pay them for customers.

The doormen, who frequently call taxis on behalf of hotel customers, are accused of demanding payments of anywhere from \$5 to \$30 from taxi driver depending on the distance they will be travelling.

Drivers who refused to pay up saw customers directed to other taxis.

"If the taxi driver refused then the doorman would contact another driver who he knew would pay, who would drive and go right in front of the doors and then the baggage would be loaded up and off they would go," said Commander Marc St-Cyr of Montreal Police.

Police say multiple taxi drivers had made complaints about the extortion plot over the past few years, first to the hotel and the taxi bureau, and only coming to police within the past year.

Many drivers say the same situation happens at every large hotel in Montreal, but they have not filed any complaints with police.

The six doormen are charged with extortion, intimidation and conspiracy.

CITY OF VAUGHAN

THE COMMITTEE OF THE WHOLE (PUBLIC HEARING)

FOR CONSIDERATION BY COUNCIL, October 25, 2011

Council Chamber,

2nd Floor Vaughan City Hall

2141 Major Mackenzie Drive

Vaughan, Ontario

SUBMITTED: October 11, 2011 TO BE HEARD: October 25, 2011

REGARDING: This application has been submitted to the City of Vaughan for consideration by the above named Council, respectively, in the relief of residential personal parking infrastructure impediments pertaining of land description PT Lot 6L, PL 65M3927 PT 8, 65R29749, Ward 3 of the City of Vaughan; pursuant, of, however, not limited to, the Human Rights Code s. 29; Vaughan Bylaw 1-96 as amended; Planning and Zoning "land Use" law.

Infringements of rights of reasonable land use consequent of unconscionable hardships.

Background

As aforementioned, this application has been submitted to the City of Vaughan, Committee of the Whole, Public Hearing, for consideration by the Council, in relief of personal parking infrastructure impediments pertaining of land description PT Lot 6L, PL 65M3927 PT 8, 65R29749, Ward 3 of the City of Vaughan, addressing issues of the unit, in and of, as also, pertinent and or relevant of neighboring units. Infringements of the rights of a reasonable "land use" consequent of "unconscionable" hardships leading of duress.

The residential property in address built in 2007, on a private "nook" like of a neighborhood, housing on both sides of residential avenue of approximately fifty houses on each side. Consisting, predominantly of single family homes, semi-detached, as is the unit of regard.

Facts

The personal driveway of the last fifteen units of one side of the avenue seem to have been short changed a full allotted driveway, giving way of a crosswalk dividing the upper portion of the drive measuring 18.53 meters in length by 3.23 meters in width, able in accommodating

personal parking, of what seems to be, one and a half the size of a larger size vehicle; with the bottom portion of the drive not enough in supporting parking accommodations of a one standard single size vehicle. The bottom portion of the driveway measures 2.78 meters in length, while a small compact vehicle measures approximately 3.28 meters in length to a mid size vehicle measuring approximately 3.78 meters in length. The split individual driveway lengths allotted are unusable: more top space and too little bottom space, although the portions obviously zoned as parking, given the tarred paved bottom half appearance.

Given the average family is of four, three vehicles per family is the norm on the avenue in consideration. The neighborhood is of good standing with higher property values, the short changed driveway homes are at a bias; although, the homes range as well as sell on the same exchange.

The relevant families thus forced in parking of the bottom half of the driveway do have some minor overhang on to street level. As mentioned, the neighborhood is more private, almost “tucked away” from major streets and highways, thus, in the most part, residence are most likely the only commuters. The Vaughan City By-Law 1-96, allows parked vehicles on residential public roads during daylight hours, given lack of inclement weather/sign postings/other landmarks present. Further, the by-law also makes mention of very specific streets within the municipality whereby acceptations given of geological differences proves amendment as is reasonable and relevant. The area in consideration was built after such mentions.

Issues

Parking has become issue, especially harsh in judgment call situations without a real measurable standard, costing of considerable hardships. References to be cited upon oral presentation.

Relevant Legislative to be cited include: Barbara Hill, Chief Commissioner, “Proposed North Bay Rental Housing Licensing By-law”. June 28, 2011, address on Mayor Al McDonald and, Members of Council, City of North Bay, 200 McIntyre St. E. North Bay.

“....In fact, the *Code* has primacy, or takes precedence over other Ontario laws, including the Planning Act and the Traffic Act unless the other law specifically states that it operate notwithstanding the *Code*.”

Full text provided onsite day.

Consideration

Relief Requested

Respectfully request relief, in evaluation of concern on plausible recommendations of resolution.

 Vaughan, On L6A 1T1

Re: Requesting place on list for hearings of October 25, 2011 committee, chamber council 3:00pm

Dear Mr. Abrams:

Thank you in your feedback today, much appreciated. As per our telephone conversation of this afternoon, as talked of, following is a concise paragraph of the points of consideration requested to address to the October 25, 2011 committee:

Residential personal parking limitations/restrictions regarding Description PT Lot 6, PL 65M3927 PT8, 65R29749, Ward 2, City of Vaughan causing hardships in reasonable parking solutions. Specifics as referenced in the subtitle of "Facts" and "Issue" in previous email. We have contacted staff in Ward 2, City of Vaughan, whom were gracious enough in visiting the site, upon examination, their opinion being: addressing these concerns with the committee as a unit would allow a collective body in participating in any recommendations of the relief sought, including, but not limited, as per their discretion, of a plausible staff to formally report on the subject as a more suitable forum to brain storm.

Thus, respectfully request in being placed on the list for the October 25, 2011 3:00 pm chamber council presentations in considering of the above parking issues.

Please advise should there be anything further your require.

Best Regards,
 Rosetta Conforti

RE: Proposed North Bay Rental Housing Licensing By-law

June 28, 2011

Mayor Al McDonald and
Members of Council, City of North Bay
200 McIntyre St. E.
PO Box 360
North Bay, ON
P1B 8H8

Dear Mayor McDonald and Councillors,

The Ontario *Human Rights Code* must be considered when administering the *Planning Act*, and under both the *Code* and the *Act* it is illegal to make planning decisions based on people, instead of on land use and other legitimate planning principles. The issues we are raising here are all about people – people whose human rights may be harmed by the proposed bylaw.

In fact, the *Code* has primacy, or takes precedence over other Ontario laws, including the *Planning Act*, unless the other law specifically states that it operates notwithstanding the *Code*. Under section 29 of the *Code*, the OHRC's functions include examining and reviewing any statute or regulation and any program or policy and making recommendations on any provision that may be inconsistent with the *Code*. We are also empowered to initiate reviews and inquiries into incidents of tension and conflict in a community, and to make recommendations, and to encourage and co-ordinate plans and activities to reduce or prevent sources of tension and conflict. All of these functions are in line with our work on housing issues, particularly rental housing licensing.

We are confident that municipalities want to help to protect the human rights of their residents. We have found that many Ontarians are unaware of how these rights apply to rental housing. Including information about these rights in the City's bylaw and in the licensing process will help landlords to better understand their obligations and avoid complaints, and help tenants live in rental housing that is free from discrimination.

The January 2010 decision of the Ontario Municipal Board (OMB), *Advocacy Centre for Tenants Ontario v. Kitchener (City)*, makes it clear that municipalities are bound by the *Code*, and have to consider the needs of everyone when enacting by-laws. In that case, the OMB stated that when restricting prospects for housing for persons with disabilities or receiving social assistance, a sufficient planning analysis was required. This planning analysis should have included consideration of the *Code* and whether or not the City had engaged in "people zoning," which is prohibited. These are broad general principles that may affect any *Code*-protected group, including newcomers, young people, older persons, people from racialized and Aboriginal communities, single people, people with children, and women.

The OMB decision also stated that a municipality that wanted to justify a discriminatory bylaw must be able to show that the bylaw was established in good faith, was reasonable, and that real and substantial efforts were

made to accommodate the needs of persons who were adversely affected. It is not apparent from the bylaw or the accompanying report that North Bay has done such assessments or analysis.

Concluding comments

We request that the City of North Bay consider these issues before implementing a bylaw or program to license landlords. The OHRC's goal is to work with municipalities to make sure the rules they set in motion meet their stated needs of protecting the health and safety of tenants in a way that makes people welcome, instead of excluding them from housing opportunities. Our goal is also to make sure that North Bay, and all municipalities across Ontario, build bridges, not barriers, to housing some of our most vulnerable residents.

We would be happy to provide advice on any of these issues – If you would like more information, please contact Jacquelin Pegg, Inquiry Analyst at 416-326-9501.

Yours truly,

Barbara Hall

Chief Commissioner
