MEMBER'S RESOLUTION

Attachment 2

Date:	MARCH 21, 2011 - FINANCE AND ADMINISTRATION COMMITTEE
Title:	ITEM 2 - COUNCIL BUDGET
Submitted by:	Regional Councillor Gino Rosati

*Whereas*, the 2010 Council Corporate Budget was \$118,000. Of that \$88,000 was spent, which includes \$30,000 for Disaster Relief Payment.

*Whereas*, any future payment for such purpose should no longer come from Council Corporate Budget but rather from Charity Account.

*Whereas*, the total spent (excluding \$30,000 Relief Amount) would be \$58,000 out of \$118,000 Budget.

*Whereas*, the new Council Corporate Budget should be set at \$82,000.

*Whereas*, the .50 cents amount per person has not changed since 2006.

***It is therefore recommended that;***

- 1) That \$36,000 be reallocated from Council Corporate Budget to Members of Council on an equal basis as shown on the attached sheet.
- 2) That One of the three options be adopted for Local Councillors only, as shown on the attached sheet.

Respectfully submitted,

Gino Rosati  
Local and Regional Councillor / Deputy Mayor

Item 1, Finance Report No. 2- Page 2

Background - Analysis and Options

*Council Budget Methodology*

The Council expenditure budget is developed using a twofold process:

Council Remuneration and Benefits

Council remuneration is based on the City's Council remuneration by-law, 316-2007. On Dec. 14<sup>th</sup> 2010, Council decided to forgo any increase to their remuneration maintaining remuneration levels to \$115,763 for the City's Mayor and \$72,216 for all other Members of Council.

Benefits applied to the remuneration illustrated above are based on anticipated rates (i.e. CPP, EHT, OMERS, etc.) and past performance.

Discretionary Expenditures

In addition to the above, it is anticipated that Members of Council will require funds to administer their duties and operate their office. These types of expenses are governed by the current Council Member Expense Policy, approved on March 9<sup>th</sup>, 2010, and resourced through a discretionary budget allocation, which is based on a per resident formula for each Member of Council.

Since 2007, a \$0.50 per resident rate was applied to assigned population figures for the purpose of calculating the discretionary expense budgets. The assigned population figures are based on the following principles:

- Ward Councillors - Estimated ward population figures
- Regional Councillors - 50% of the City's total estimated population figures
- Mayor - 75% of the City's total estimated population figures

The population figures used to calculate the 2011 budget were provided by the Clerk's Department. These figures are based on the latest York Region overall City of Vaughan population projections. Ward population estimates were derived using the principals of the last ward boundary review and adjusted for trends in approved development, voter's lists, etc. It should be noted, the Clerk's Department anticipates there will be an adjustment in these figures once the 2011 census data is released. For 2012 budget purposes, the average total growth rate, taken from the Region of York's population numbers, was applied equally to each ward, approximately 4.5%. Summarized below are the population figures used for the 2010, 2011, & 2012 budget periods.

<u>Area</u>	<u>2010</u>	<u>2011</u>	<u>2012</u>
Ward 1	70,100	62,500	65,300
Ward 2	61,150	62,500	65,300
Ward 3	52,000	58,000	60,600
Ward 4	54,750	42,000	43,890
Ward 5	43,100	70,000	73,140
Total	281,100	295,000	308,230

Draft Council Budget

The following, summarizes the method used for calculating the Council expense budgets.

	Remuneration and benefits
+	Discretionary budget
=	Council Budget

Enclosed are attachment 1 & 2, which provide detailed calculations using the above methodology for each Member of Council 2011 & 2012 budget. Below is a brief summary of the outcomes of this process.

Ward 5 Councillor Shefman	124,548	126,479
Total	1,334,675	1,359,641

#### Discretionary Council Budget Account Allocation & Calendarization

Once the Council discretionary budgets are confirmed, there will be a requirement for each Member of Council to allocate their approved discretionary budget to specific account lines, within the parameters of the Council Member Expense Policy. Until that time, the discretionary amount will be placed in sundry expense. Once the discretionary budgets are allocated to specific accounts, the next step in the process is to calendarize the account budgets over the 12 months of the year. The Budgeting and Financial Planning department will coordinate and assist Members of Council with this process.

#### Relationship to Vaughan Vision 2020/Strategic Plan

The Draft 2011/2012 Operating Budget is the process to allocate and approve the resources necessary to continue operations and implement Council's approved plans. This report is consistent with the guidelines and protocol previously set by Council.

#### Regional Implications

There are no Regional implications associated with this report.

#### Conclusion

The 2011/2012 Council expenditure budgets and methodology are presented for Council's consideration.

Councillor Racco:

Below is the information that you requested regarding number of businesses per City Ward.

The department arrived at these numbers using the Vaughan Business Directory (Data gathered Q2/Q3 2010) and then overlaying the Ward boundaries with Traffic Zones. We used this method because our data collection does not identify businesses by Ward. Therefore, please note that there is a small margin of error.

WARD	Total Number of Businesses	Total Employment (Full/Part & Seasonal)
1	475	11,266
2	1,212	19,885
3	2,015	30,380
4	4,352	86,763
5	1,061	11,961

To Mayor & Members of Council

**PART TIME COUNCIL ASSISTANTS SALARY INCREASE**

The current hourly salary for this group of employees is \$15.00 per hour when working with the Executive Assistants (workload assistance) and is paid by the councillor's budgeted part time salary allocation. When relieving for the Executive Assistants providing coverage for their vacations, sickness, training courses and lieu days they are paid \$17.00 per hour and this is paid by the clerks department.

This remuneration has not been adjusted for the past fifteen years, while the rest of the corporation has received increases of 1 -2%, no adjustments were made to this group. In fact the very people that they relieve for had a major wage band adjustment going from wage band four to wage band six and still no adjustment to the part timers.

This group of employees are more than due an adjustment. At this time as you are preparing your budgets for the upcoming year we are asking that you consider this team of committed employees and provide a fair and equitable remuneration.

The Executive Assistants are paid at wage band six and depending on their length of service, most are paid at the top of the scale at that wage band.

Ideally our recommendation is to attain step one of level one (approx. \$22 per hour) . We are asking you to review this request in view of the Vaughan Vision and giving us the same consideration the rest of the corporation and yourselves have received over the past several years.

We are a loyal team of support staff fully dedicated to the Councillor's we work with and hope that you will review our proposal.

Regards,

**Your Support Staff**
