<u>C I</u> COMMUNICATION
CW (PH) - <u>APRIL 24/12</u>
ITEM - <u>4</u>

Hello Eugene,

Further to our conversation earlier today, my name is Roberto Clausi, I am the owner of 4855 Hwy 7. It is a abutting property to 26 Bruce St. As you know there is a Public meeting scheduled tomorrow evg. Is it possible to attach a provision that would permit use of the private road (also city easement for park access) on the N side of the 26 Bruce St. property as a possible tie in road access to any future development at 4855, 4863 and 4871 Hwy 7 respectively. It only makes sense to have 2 roadways /access to enter the 26 Bruce St. development and any possible further development on the abutting Hwy 7, properties mentioned above instead of Hwy 7 access. The property in question is File# Z12007, Applicant 2245108 Ont Inc. 26 Bruce St. Vaughan, Ontario. Many thanks for your attention to this matter

Subject: Comment on the Development of a 38 lot

Hi John,

I am writing this comment instead of participate the committee of the whole this evening at Vaughan city Hall.

A couple of years ago we purchased a house at 73 Daphnia Dr. near NE corner of Pleasant Ridge Ave and Apple Blossom Dr. at that time the real estate agent clearly told us that part Lot 15, concession 2 should be for School.

That is the one of major reasons to buy this house. Now there will be a pack of 37 houses instead of School??

Who will make important to change zoning already known to all neighbourhood taxpayers. We do not like this kind of change to disturb our living environment.

I have talked many of neighbourhoods whom I have met during every night's walking and most of them do not understand what city council is doing like this!

Thank you in advance taking this issue seriously.

Kenny Yang

Thank you Doris,

We want to see facilities for taxpayers, not for private purpose ot as previously announcement.

If you can not put a new school as originaly planned, we like to see more libraly, parks, sports facility as tennis/badminton courts for neibour taxpayers health so save ourself's dollars from hospital budget.

Thanks,

Kenny Yang
