Item 1, CW (Closed Session) Report No. 58– Page 2

Background - Analysis and Options

The City of Vaughan is not isolated. We are an intricate part of the GTA and not immune to the issues that face the City of Toronto and other GTA communities. In recent months we have been witness to various acts which undermine the safety and security of our community; however the City, on its own cannot take on this challenge. We must involve our whole community and key stakeholders in order to improve safety in our community. That is why I am recommending that a Mayor's Task Force be established. The Task Force will include representatives of key stakeholder groups. Key stakeholders include the City of Vaughan, York Regional Police, the Vaughan business community, School Boards and prominent community organizations in Vaughan. It is only through working together that we can find and implement solutions.

Public input and timing will be important to the success of the Task Force. The Task Force will be charged with the responsibility of recommending to Council the Terms of Reference which will outline in more detail, the mandate of the Task Force, the process for obtaining public input and the timely reporting of recommendations.

Should Council endorse this initiative Mr. Julian Fantino has offered to serve as the Task Force Chair. He is currently the Commissioner of Emergency Management for the Province of Ontario and a resident of Vaughan. Formerly he was the Chief of Police for York Region and more recently the former Chief of the Toronto Police Services. His understanding of the community and his expertise in community safety make him ideally suited to Chair this important Task Force.

Relationship to Vaughan Vision 2007

This report is consistent with the priorities previously set by Council and the necessary resources have been allocated and approved.

Conclusion

The Task Force will serve as a vehicle for bringing together our community partners for the purpose of improving community safety. Through public consultation and working together we can make our communities safer.
