

**COMMITTEE OF THE WHOLE JUNE 18, 2001**

**LITTER OR RECYLING CONTAINERS AT SUPER MAIL BOX LOCATIONS**

**Recommendation**

Councillor Mario G. Racco recommends:

That staff investigate the feasibility of installing litter or recycling containers at Supermail Box container locations.

**Purpose**

To eliminate debris found at supermail box locations

**Background - Analysis and Options**

A high percentage of Vaughan residents receive their mail via supermail boxes. Unfortunately, some unwanted mail is being left behind leaving debris at and near the supermail box location.

**Conclusion**

Staff is to investigate this request quickly, as to have a mechanism in place this year.

**Report prepared by:**

Mario G. Racco – Councillor

Respectfully submitted,

Mario G. Racco  
Councillor.
