

COMMITTEE OF THE WHOLE – JANUARY 7, 2002

TEMPORARY ROAD CLOSURE TALL GRASS TRAIL

Recommendation

The Commissioner of Development Services and Public Works recommends:

That the necessary by-law be passed for the temporary closure of Tall Grass Trail, during the week of January 28 to February 1, 2002.

Purpose

Road closure to facilitate the construction of underground servicing works for the Pine Valley Court Subdivision to be connected to the existing services on Tall Grass Trail.

Background - Analysis and Options

The work consists of the installation of two new manholes (storm and sanitary) on Tall Grass Trail. The excavation of the full road width is required to install the new structures and install the connecting sewers to service the adjacent Pine Valley Court subdivision.

Tall Grass Trail will be opened to traffic at nights using steel plates to span the excavation. Access during the day will be made to Tall Grass Trail south of this location via Timber Lane.

Developer is to notify residents and emergency services agencies of start date and hours of work in writing 2 weeks in advance. Also, the contractor is to follow the Ministry of Transportation Ontario Traffic Manual with respect to signage and traffic control.

Conclusion

The closure of Tall Grass Trail for the week of January 28 to February 1, 2002 should not unduly affect residents and will allow the manhole installations to proceed in a safe and expeditious manner.
