INSTALLATION OF NO PARKING SIGNS

Recommendation

Councillor Mario G. Racco recommends:

That "No Parking" signs, be installed at 277 Worth Boulevard and 283 Worth Boulevard subject to receiving requests to from the residents. (Attachment).

Purpose

To install "No Parking" signs at 277 Worth Boulevard and 283 Worth Boulevard.

Background - Analysis and Options

That at a community meeting, several residents who reside on the south side of Worth Boulevard across from Worth Park suggested that no parking signs be installed, as too many vehicles were parking in front of their homes.

Since that time, "No Parking" signs have been posted at this location adjacent to centre medians installed as part of a traffic calming measure. The "No Parking" signs however, do not extend to 277 Worth Boulevard and 283 Worth Boulevard. The residents who reside at the two addresses are now being subjected to parked cars in front of their homes on a daily basis.

It has also become very difficult to exit and enter their driveways as they try to maneuver around the parked cars.

Conclusion

That no parking signs be installed at 277 Worth Boulevard and 283 Worth Boulevard
