

COMMITTEE OF THE WHOLE – AUGUST 19, 2002

ASSUMPTION – STAFFERN DRIVE EXTENSION II 65R-18954

Recommendation

The Commissioner of Engineering and Public Works recommends:

That the necessary by-law be passed assuming the municipal services in the Municipal Servicing Agreement for Plan 65R-18954.

Purpose

The services have been completed and are ready to be assumed by the City.

Background - Analysis and Options

The Municipal Servicing Agreement was signed on October 14, 1997.

The owner has constructed all the services in Plan 65R-18954 for the City of Vaughan. The owner has been paid for works certified by the consultant, at the set limit in the new Development Charges By-Law, as outlined in the Council report, dated December 9, 1996.

All the documentation required by the Municipal Servicing Agreement for assumption has been submitted. The Commissioner of Engineering and Public Works has received inspection clearance from all pertinent City Departments and the City Treasurer has confirmed that all of the City's financial requirements regarding this Municipal Servicing Agreement have been met.

Conclusion

It is therefore appropriate that the municipal services in Plan 65R-18954 be assumed and the municipal services letter of credit be released.
