

COMMITTEE OF THE WHOLE – FEBRUARY 3, 2003

ALL WAY STOPS FOR THE GATES OF MAPLE SUBDIVISION

Recommendation

Councillor Mario Ferri recommends that all way stops be installed at the intersections of Killian Rd. and Marwood/Granger and Killian Rd. and Cranny St.

Purpose

In order to address speeding along Killian Rd., all way stops are required at these two intersections.

Background

Residents have complained over the years about vehicle speeds along Killian Road. The Gates of Maple Ratepayers Association has formally requested on its January 6, 2003 letter to the City of Vaughan that all way stops be installed at the above-mentioned locations as a traffic calming measure.

Conclusion

In response to the traffic calming needs of the residents in this community, all way stop signs should be erected at the intersections of Killian Rd. and Marwood/Granger and Killian Rd. and Cranny St.

Councillor Mario Ferri
City of Vaughan
2141 Major Mackenzie Drive
Vaughan, Ontario, Canada L6A 1T1

Dear Sir,

I am writing on behalf of the St. David School Council. We would like to express our concern with the traffic on Killian Road.

As you know, Killian Road runs between Major Mackenzie Drive and Keele Street. Many drivers traveling far in excess of the 40km speed limit posted use it. We feel this presents a significant safety risk to our students. Our crossing guards have expressed similar concern. We would like to ask for your assistance in slowing down traffic on Killian Road, particularly the areas immediately north and south of St. David Elementary. Speed bumps may be the best tool to achieve this end.

We look forward to your help in this matter. A response may be sent to:
