

COMMITTEE OF THE WHOLE – APRIL 7, 2003

COMMUNITIES IN BLOOM

Recommendation

The Commissioner of Community Services, in consultation with the Executive Director of Buildings, Facilities and Parks, the Director of Parks and the Communities in Bloom Technical Committee recommends:

That a Member of Council be appointed to the Communities in Bloom Beautification Committee for the 2003 year.

Purpose

To obtain a Council appointed member for the Communities in Bloom Beautification Committee for the 2003 year.

Background - Analysis

As Council is aware, the City of Vaughan participated in the Communities in Bloom program for the first time in 2002. The judges awarded 4 out of 5 blooms to Vaughan. Staff are preparing for the 2003 competition and require a Council representative on the Beautification Committee as part of the preparation. Regional Councillor Rosati held this position last year.

Conclusion

As part of Council's continuing support of the Communities in Bloom program, staff is requesting that a Member of Council be appointed to the Communities in Bloom Beautification Committee.
