

COMMITTEE OF THE WHOLE - JANUARY 19, 2004

ASSUMPTION - NORTH HUMBER – PHASE 2 19T-81035 \ 65M-2861, 65M-2862

Recommendation

The Commissioner of Engineering and Public Works recommends:

That the necessary by-law be passed assuming the municipal services in the Subdivision Agreement for Plan 65M-2861 and 65M-2862, and that the municipal services letter of credit be released.

Purpose

The subdivision has been completed and is ready to be assumed by the City.

Background - Analysis and Options

The 99 lot development is a residential subdivision. The development is located north of Major Mackenzie Dr., west of Islington Ave., as shown on Attachment 1. The Subdivision Agreement was signed on October 4, 1993. The municipal services in Plan 65M-2861 and 65M-2862 were installed in May 1994, and the top course asphalt was placed in October 1998.

All the documentation required by the Subdivision Agreement for assumption has been submitted. The Commissioner of Engineering and Public Works has received inspection clearance from all pertinent City Departments and the City Treasurer has confirmed that all of the City's financial requirements regarding this subdivision have been met.

Relationship to Vaughan Vision 2007

The development of this subdivision and the assumption of the municipal services is consistent with Vaughan Vision 2007, which encourages managed growth through the implementation of OPA 600 (4.7.1). OPA policies require that development take place in accordance with the requirements and standards of the City and relevant agencies.

This report is consistent with the priorities previously set by Council and the necessary resources have been allocated and approved.

Conclusion

It is therefore appropriate that the municipal services in 65M-2861 and 65M-2862 be assumed and the municipal services letter of credit be released.
