

## **COMMITTEE OF THE WHOLE - SEPTEMBER 7, 2004**

### **AWARD OF TENDER T04-088** **WILLIS ROAD AND PINE GROVE ROAD RECONSTRUCTION**

#### **Recommendation**

The Commissioner of Engineering and Public Works in consultation with the Director of Purchasing Services recommends:

That Tender T04-088 for the Willis Road and Pine Grove Road Reconstruction in Woodbridge be brought forward to Council.

#### **Purpose**

Council approval to award Contract T04-088.

#### **Background - Analysis and Options**

The work covered by this tender calls for the reconstruction of Willis Road (2003 Capital Budget project 1122.2.03) and Pine Grove Road (2003 Capital Budget Project 1480.2.03) east of Islington Avenue in Woodbridge. Pine Grove Road was deferred last year due to concerns with late fall construction and therefore will be included with the Willis Road project. See Attachment No. 1 for project locations.

Tenders will close for this project on September 1, 2004. Staff will prepare an additional information report for this item after the bids have been evaluated for Council's consideration at the September 13, 2004 meeting. Construction is scheduled to commence in late September and be completed by the end of this year.

#### **Relationship to Vaughan Vision 2007**

This project is consistent with Vaughan Vision 2007 in that the proposed works ensure that growth does not outpace the road network infrastructure (3.2.3).

This report is consistent with the priorities previously set by Council and the necessary resources have been allocated and approved.

#### **Conclusion**

To be submitted in the additional information after the Tender has closed.

#### **Attachments**

1. Location Map

#### **Report prepared by:**

John Zanchettin, C.E.T. – Senior Engineering Assistant, ext. 3113  
Tom Ungar, P. Eng. – Design Engineer, ext. 3110

Respectfully submitted,

Bill Robinson, P. Eng.  
Commissioner of Engineering and Public Works

Gary P. Carroll, P. Eng.  
Director of Engineering Services
