

COMMITTEE OF THE WHOLE - OCTOBER 18, 2004

ALL-WAY STOP CONTROL CENTRE STREET AND DONNA MAE COURT

Recommendation

In response to requests from area residents, Local and Regional Councillor Linda D. Jackson recommends:

THAT staff be requested to investigate the need for and feasibility of installing an all-way stop control at Centre Street and Donna Mae Court and to report to the Committee of the Whole meeting of November 1, 2004.

Purpose

To reduce speeds and control traffic at Centre Street and Donna Mae Court.

Background - Analysis and Options

Traffic volumes and vehicular speeds along Centre Street make it difficult to enter or exit Donna Mae Court. The further development of lands near Bathurst Street and Centre Street will likely cause an increase of traffic at Centre Street and Donna Mae Court. The area residents perceive a need for speed and safety controls. All-way stop controls will encourage increased moderation in vehicular speeds.

Relationship to Vaughan Vision 2007

This report is consistent with the priorities previously set by Council.

Conclusion

In response to concerns from area residents, it is recommended that staff review the need for an all-way stop control at Centre Street and Donna Mae Court.
