

COMMITTEE OF THE WHOLE – NOVEMBER 15, 2004

**REQUEST FOR STAFF TO REPORT ON CONTROLLING
USE OF VARIOUS CITY OWNED PROPERTIES**

RECOMMENDATION

Councillor Peter Meffe recommends:

That staff be directed to report on the feasibility of the requirement of permits being issued to photographers and/or other individuals with respect to using properties owned by the City of Vaughan. I also request that other permitting opportunities be explored in the Kleinburg area.

Purpose

The purpose of this recommendation is to provide Council with information in order to further explore the possibility of controlling the use of City of Vaughan owned properties as it pertains to their use by photographers and/or other individuals.

Background - Analysis and Options

It has come to my attention that many of the properties owned in the City of Vaughan are presently being used by photographers and/or other individuals and this use is uncontrolled. I believe that at certain locations this may present a safety concern. The introduction of the requirement of a permit will allow the City of Vaughan to control and monitor the use at the various City of Vaughan owned locations.

Relationship to Vaughan Vision 2007

This report is consistent with the priorities previously set by Council and the necessary resources have not been allocated and approved.

Conclusion

That the City of Vaughan staff conduct their analysis and report back to Council with their recommendations and findings with respect to the opportunities available to allow use of the City of Vaughan owned properties by the issuance of permits.
