

COMMITTEE OF THE WHOLE - NOVEMBER 15, 2004

ASSUMPTION – WESTON WOODS – PHASE 1 – EXCLUDING MARIA ANTONIA ROAD 19T-97V30/ 65M-3460

Recommendation

The Commissioner of Engineering and Public works recommends:

That the necessary by-law be passed assuming the municipal services in the Subdivision Agreement for Plan 65M-3460, and that the municipal services letter of credit be released.

Purpose

The subdivision has been completed and is ready to be assumed by the City.

Background - Analysis and Options

The 198 lot development is a residential subdivision. The development is located west of Weston Road and north of Rutherford Road, as shown on Attachment 1.

The Subdivision Agreement was signed on October 12, 2000. The municipal services in Plan 65M-3460 were installed in July 2000 and the top course asphalt was placed in September 2002.

All the documentation required by the Subdivision Agreement for assumption has been submitted. The Commissioner of Engineering and Public Works has received clearance from all pertinent City Departments including Engineering Services, Public Works, Building Standards, Parks Development, Parks Operations and Forestry, Development Planning and Clerks. The Reserves and Investments Department has also confirmed that all of the City's financial requirements regarding this subdivision have been met.

Relationship to Vaughan Vision 2007

The development of this subdivision and the assumption of the municipal services is consistent with Vaughan Vision 2007, which encourages managed growth through the implementation of OPA 600 (4.7.1). OPA policies require that development take place in accordance with the requirements and standards of the City and relevant agencies.

This report is consistent with the priorities previously set by Council and the necessary resources have been allocated and approved.

Conclusion

It is appropriate that the municipal services in 65M-3460 be assumed and the municipal services letter of credit be released.
