

## **COMMITTEE OF THE WHOLE – MAY 16, 2005**

### **REVISION TO PART 5, CLAUSE (2) OF THE ANIMAL CONTROL BYLAW**

#### **Recommendation**

Councillor Sandra Yeung Racco recommends:

1. That the City of Vaughan Legal Department research the feasibility and merit of revising Bylaw 53-2002, the Animal Control Bylaw, Part 5, Care of Animals, Clause (2) to include dog runs as one of the structures that shall be located not less than 1.4 metres from the property line; and
2. That the City of Vaughan Legal Department report back to a future Committee of the Whole with a report.

#### **Economic Impact**

N/A

#### **Purpose**

To address resident concerns regarding the City of Vaughan Animal Control Bylaw.

#### **Background - Analysis and Options**

Currently, Part 5, Clause (2) of the Animal Control Bylaw reads that "If a dog or cat is customarily kept out of doors, the person having the custody and control of the animal shall at all times provide for it's use a structurally sound, weather-proof enclosure with an off the ground flooring, kept in a sanitary condition, which shall be located not less than 1.4 metres from the property line."

In speaking to both the Bylaw Department and the Building Standards Department, my office discovered that while this clause does apply to dog houses, it does not apply to dog runs. When inquiring into why dog runs were not included, I came to understand that when the Bylaw was written, the increased use of dog runs was not anticipated.

Residents have brought concerns to my office regarding this Bylaw, as it seems more and more residents are building dog runs in their rear properties. As no setback is required for dog runs, they may be built right at the property line, which then raises the concern that when the dog run is hosed down, all the waste material runs onto a neighbour's property.

The Animal Control Bylaw should be updated to reflect the increased use of dog runs, and to ensure that dog runs must meet a setback requirement so as not to impact negatively on neighbouring properties.

#### **Relationship to Vaughan Vision 2007**

- 1.1.6 Review the level of enforcement, compliance and monitoring of regulations related to public safety.
- 1.3.1 Develop and implement innovative alternatives for service delivery.

This report is consistent with priorities previously set by Council.

**Conclusion**

The Animal Control Bylaw should be reviewed and updated to conform to current animal care practices and to ensure that neighbouring properties are not negatively impacted by animal care practices.
