

## **COMMITTEE OF THE WHOLE - JUNE 19, 2006**

### **ASSUMPTION – BLOCK 17 PROPERTIES 19T-97V04 / 65M-3448**

#### **Recommendation**

The Commissioner of Engineering and Public Works recommends:

That the necessary by-law be passed assuming the municipal services in the Subdivision Agreement for Plan 65M-3448, and that the municipal services letter of credit be released.

#### **Economic Impact**

Upon assumption of this development, approximately 0.2 lane kilometers of roadway and associated municipal infrastructure will be added to the City of Vaughan's system. There will be a future cost associated with the operation and long-term maintenance of the additional inventory of lands and public highways that may include roads, sewers, watermains, street lighting, streetscaping, storm water management ponds, parks, etc.

#### **Purpose**

The subdivision has been completed and is ready to be assumed by the City.

#### **Background - Analysis and Options**

The 4 lot and 4 part block development is a residential subdivision. The development is located west of Dufferin Street, south of Rutherford Road as shown on Attachment 1.

The Subdivision Agreement was signed on July 18, 2000. The municipal services in Plan 65M-3448 were installed in June 1999 and the top course asphalt was placed in September 2002.

All the documentation required by the Subdivision Agreement for assumption has been submitted. The Commissioner of Engineering and Public Works has received clearance from all pertinent City Departments including Engineering Services, Public Works, Building Standards, Parks Development, Parks Operations and Forestry, Development Planning and Clerks. The Reserves and Investments Department has also confirmed that all of the City's financial requirements regarding this subdivision have been met.

#### **Relationship to Vaughan Vision 2007**

The development of this subdivision and the assumption of the municipal services is consistent with Vaughan Vision 2007, which encourages managed growth through the implementation of OPA 600 (4.7.1). OPA policies require that development take place in accordance with the requirements and standards of the City and relevant agencies.

This report is consistent with the priorities previously set by Council and the necessary resources have been allocated and approved.

#### **Conclusion**

It is therefore appropriate that the municipal services in 65M-3448 be assumed and the municipal services letter of credit be released.
