

COMMITTEE OF THE WHOLE – DECEMBER 11, 2006

VILLAGE GREEN SPEEDING

Recommendation

Councillor Bernie Di Vona recommends:

1. That Engineering staff be requested to conduct the necessary traffic studies on Village Green Avenue and Orr Avenue and report on those findings.
2. That Staff proceed to establish a traffic calming committee for Village Green and to proceed as per policy and procedure.

Economic Impact

Nil

Purpose

That the City of Vaughan Engineering Department conduct a review of traffic control and provide the residents of Village Green with their comprehensive study and statistics.

Background - Analysis and Options

My office has received further complaints regarding the traffic volume, vehicles speeding, stop sign compliance and infiltration problems on these roadways, the last traffic study occurred in 2005 and it may be beneficial to conduct another review to determine if changes have occurred.

Relationship to Vaughan Vision 2007

This traffic study is consistent with Vaughan Vision 2007 as to identify and implement innovative traffic management alternatives to improve general traffic safety.

Conclusion

Residents of Village Green hope that the necessary traffic measures are taken.
