Finance and Administrative Committee
RE: Rimwood Estates 2011 Capital Budget Road Repairs

Mayor Bevilacqua and Members of Council,

We would like to draw your attention to an item in the 2011 Capital Budget that pertains to our subdivision. This item was deleted from the 2010 Capital Budget and we would ask for your support in order to ensure that this item is approved for the 2011 budget.

We have discussed the issue with Bill Robinson and Jack Graziosi from the Engineering Department and we all agree that the road repairs are both necessary and long overdue. Our estate residential subdivision was completed in two phases – Phase 1 in the mid 1970's and Phase 2 in the late 1980's. Over the last 30 years, our subdivision has requested very little from the City and we feel that our request is very reasonable and supportable.

We respectfully ask for your support in approving this item and are available should you wish to visit the subdivision to see the condition of the roads.

Thank you for your attention to this matter.

Yours truly,

John Colussi 
President, REHA
