MAJOR WESTON CENTRES LTD

PUBLIC HEARING
COMMUNICATION

Date: Jan 11/11 ITEM NO. 1

C1

On behalf of the Vellore Woods Ratepayers Association, please be advised that we have NO OBJECTION to this application, as it is our understanding this report is to adjust the OPA/ZONING to bring in the additional acre we had anticipated, and to allow the ONE drive thru ...

It is our understanding that nothing has been changed from previous approval .

At this time we would like to state that this is a prime example of how a developer has collaboratively worked with the City, and the Ratepayers Association to come to a mutually acceptable project.

It is also important to note that this applicant has gone above and beyond to ensure that this Project has met our requested demands and includes a PEDESTRIAN ONLY Urban Square Promenade within the Village Core Designation and has significantly decreased the proposed wal-mart square footage, amongst other changes ..

We have no objection

~~Elvira Caria~~ SAM AUDIA
