

MEMBER'S RESOLUTION

Date:	FEBRUARY 1, 2011 – COMMITTEE OF THE WHOLE
Title:	PROPOSED ALL WAY STOP AT RAVINEVIEW DRIVE AND PEAK POINT BOULEVARD
Submitted by:	Councillor Marilyn Iafrate

Whereas, a new elementary school known as St. Raphael the Archangel CES has opened as at September 2010, and

Whereas, the school is located at the corner of two primary roads known as Ravineview Drive and Peak Point Blvd. which collect traffic from two regional roads to service the subdivision, and

Whereas, there is only a two-way stop currently in place at the intersection of the two aforementioned primary roads, and

Whereas there is no safe location at this time for children attending the elementary school to cross the road to access the school,

Now Therefore Be it Resolved that the two-way stop be changed to an all-way stop to facilitate safe crossing for both children and adults wanting to access the school.

Respectfully submitted,

Marilyn Iafrate

**BACKGROUND TO: PROPOSED ALL WAY STOP AT RAVINEVIEW DRIVE AND PEAK
POINT BOULEVARD, SUBMITTED BY COUNCILLOR MARILYN
IAFRATE**

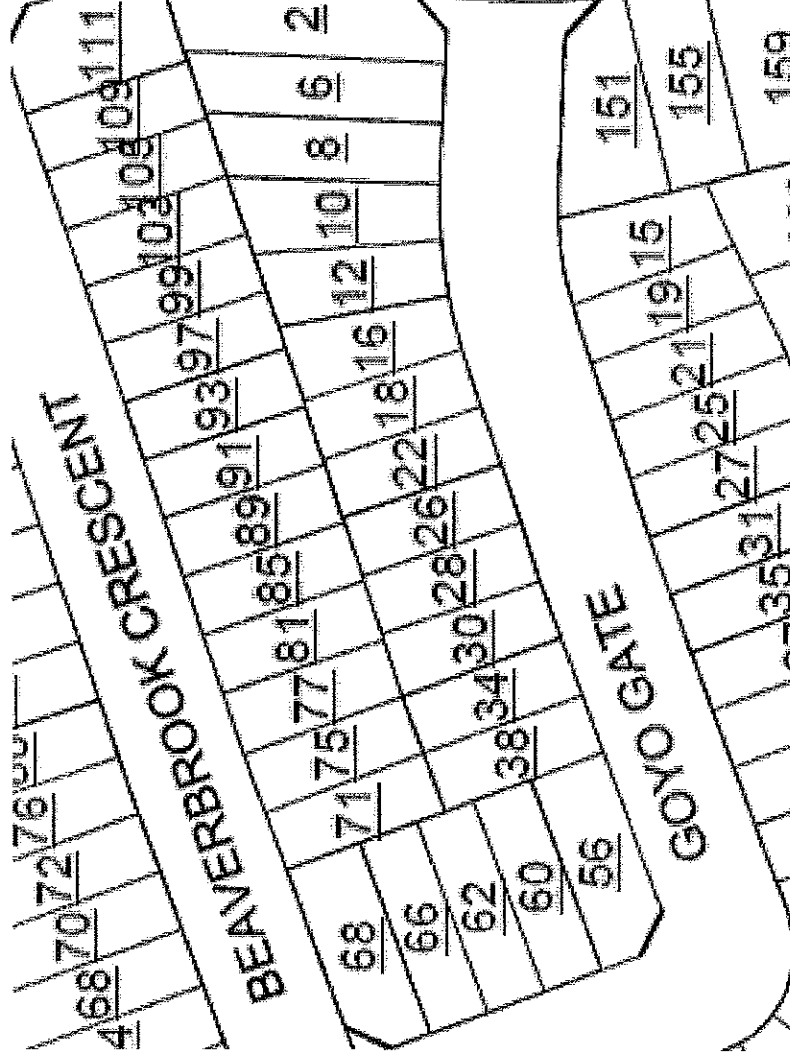

The St. Raphael CES community has asked the City for an all-way stop to allow them a safe means of crossing the road for children and adults alike.

Due to the recent municipal election, Council was not able to address the matter.

In September of 2010, according to the school community, York Regional Police attended the site to give warnings to parents for crossing the road randomly rather than at an intersection. Police was told that there was no safe means of crossing the road because there was no all-way stop.

An all-way stop will encourage children and parents to walk to school rather than taking a car as it will provide a safer means of reaching the school.

Mrs. M. Iafrate
Ward One Councillor
The City of Vaughan
2281 Major Mackenzie Drive
Maple, Ontario L6A 1T1

VIA: FAX – 905-832-8538

Dear Mrs. Iafrate:

I am writing this letter on behalf of the St. Raphael the Archangel community. Our new school opened September 2011 with a student population of 465. Currently we have only two school buses which results in the vast majority of our student population walking to school every day.

Since our school has opened the traffic safety concerns on Ravineview Drive and the intersection of Peak Point and Ravineview have been ongoing for the children that attend our school.

I am hoping you can assist us with two requests.

1. The installation of a four way stop at the intersection of Ravineview Drive and Peak Point.

And

2. Providing us with advice and/or assistance in getting a crossing guard for our school.

Any assistance or input you could provide would be most welcome and greatly appreciated.

On behalf our students, thank you.

William Morrison
Principal
