

COUNCIL – MAY 30, 2001

WORLD TELEVISION NETWORK

Recommendation

Regional Councillor Frustaglio recommends:

THAT the City of Vaughan write a letter to the CRTC supporting the World Television Network in its application for a national multicultural television network.

Purpose

To express support for and assist World Television Network in its application to CRTC for a national multicultural television network.

Background – Analysis and Options

In April 2000, Council supported the World Television Network in its application to the CRTC (attached). The application was refused at that time but a revised application is being considered by CRTC in June of this year and a request for a letter of support has been received. The deadline to submit a letter of support to the CRTC is May 30, 2001.
