Background - Analysis and Options

Prequalification of General Contractors for this project closed on November 28, 2002. Twenty (20) submissions were received and reviewed by a Staff Committee. The evaluations were based on the criteria as set out in the RFI. Proponents scoring over 75% would be eligible to submit tenders for this project.

The following eight (8) General Contractors prequalified:

Bondfield Construction Co.
Atlas Corporation
Maystar General Contractors Inc.
Jasper Construction Corp.
Walter Construction Co. Ltd.
Aquicon Construction Co. Ltd.

* Arithmetically corrected

Conclusion

Reference checks were performed on all submissions and the Committee and the Architects are satisfied that Maystar General Contractors Inc. is qualified to successfully complete the project and therefore, as per prequalification terms, the low bidder will be awarded the tender.

74. SALE OF CITY LANDS CLOSED PORTION, CLARENCE STREET Addendum No. 2

MOVED by Regional Councillor Frustaglio
seconded by Councillor Kadis

THAT the recommendation contained in the following report of Mayor Di Biase, dated March 17, 2003, be approved:

CARRIED

Mayor Michael Di Biase recommends:

1. That the lands described as Parts 13, 14 15 & 16 and Part of Part 17 and 18 Reference Plan 65R-20470 being part of closed road allowance known as Clarence Street be declared surplus.
2. That the notice of sale be the listing on the Council agenda.

3. That a direct sale be approved to the abutting owners and staff report back to Council regarding market value and the terms of the sale.

Purpose

To obtain Council approval to declare City land surplus and sell to abutting owners.

Background - Analysis and Options

The History Hill Group, and its partners, are attempting to consolidate approximately 3 acres of land on the south-west corner of Sonoma Boulevard and Islington Avenue (York Region see Attachment No. 1). The Sorbara Group with the History Hill Group, the City of Vaughan, Castlepoint and the Region of York own the lands (see Attachment No. 2). On March 6, the Regional Finance and Administration Committee recommended that the Regional property be declared surplus and notice given to sell to the abutting land owner. Once the consolidation has been completed there are plans to develop the site into a day care center and a Montessori school.

The subject lands are designated as “Medium Density Residential/Commercial” by Official Plan Amendment No. 600, and has been identified as a Community Amenity Area in the Woodbridge Expansion Area Block Plan.

The subject lands are zoned RV3 (H) Residential Urban Village Zone Three with a Holding Symbol By-law 1-88, subject to exceptions 9) (988) and 9) (1052). The zone would permit the proposed private school and day care use. In order to lift the Holding Symbol, which apply to these lands, Council shall approve a site development application for these lands as well as an application to amend By-law 1-88 to lift the Holding Symbol. Accordingly, a Zoning Amendment Application and a site Development Application will be required to facilitate the lifting of the Holding symbol.

On October 8, 1998, the City executed the Skeleton Servicing Agreement for the Woodbridge Expansion Area. Section 16.5 provided for the City to proceed to stop up and close the portion of Clarence Street between Concessions 7 and 8, designated as Parts 1 to 20, Plan 65R-20470. On October 26, 1998, Council enacted By-law #354-98 to close that portion of the road.

Real Estate Comments

In December staff met with both abutting owners and commenced our circulation. Together City and Regional staff met with the abutting owner in late January to discuss process and facts related to the file. Initially, Regional staff investigated the possibility of transferring their lands to the City; however, this process was not possible and therefore Regional staff proceeded to Council to sell their portion.

City's property cannot be built upon due to its shape and could only be developed in conjunction with the adjacent properties. The City's parcel is 0.574 acres and is located between 2 privately owned parcels.

In accordance with the Disposal of Property By-law, City staff initiated circulation of the request to various departments. There are no objections or concerns to the proposed sale. Further, the owner has agreed that the City may share the Region's appraisal report.

Staff believe that the Region and City value estimates on a per acre rate should be similar as the sales are occurring at the same time. However, there will be a different sale price due to size and value in contribution analysis Therefore, staff have been waiting for the Region's completion of the appraisal report due March 21, 2003 prior to bringing forth a final recommendation to Council. The Region anticipates obtaining final market value approval at the end of March.

Conclusion

Staff will report back regarding the market value of the lands and the terms of the sale.

75. CHANGE OF VENUE FOR CANADA DAY CELEBRATIONS

Addendum No. 3

MOVED by Regional Councillor Frustaglio
seconded by Councillor Kadis

THAT the recommendation contained in the following report of the Commissioner of Economic/Technology Development and Communications, dated March 17, 2003, be approved:

CARRIED

The Commissioner of Economic/Technology Development and Communications recommends:

1. That the change of venue for the 2003 Canada Day celebrations to “The Sports Village” at 2600 Rutherford Road be approved, and;
2. That Staff initiate the planning and promotion of the one-day event at the new site.

Purpose

The purpose of this report is to receive approval to change the venue for the 2003 Canada Day celebrations to “The Sports Village” as the previous site at the Maple Community Centre is unavailable due to a scheduled construction project.

Background - Analysis and Options

The Maple Community Centre and District Park has been the site of the City’s Canada Day celebrations for the past ten years, however, this site is unavailable for the 2003 event due to planned construction and renovation work. The Canada Day Celebration is an established event in the community of Maple, and Staff has researched the suitability of a nearby site in order to retain the traditional audience of approximately 5,000 visitors.

The Sports Village at 2600 Rutherford Road has the facilities and support services necessary for the successful staging of the Canada Day celebrations. This facility is operated under a management contract arrangement with the City. The two baseball diamonds behind the facility are City property and are available for City use. Management at The Sports Village is supportive of staging a “co-operative” event with the City, all within the City’s event budget. The facilities at The Sports Village will be provided at no cost to the City, as the event provides the opportunity to showcase the facility to potential users.

The use of The Sports Village provides facilities and attractions not available at the Maple Community Centre site, including:

- Use of at least 1 of 4 year-round ice rinks for recreational skating;
- Extreme sports facility (skateboard and BMX bikes) and performances by sports demo teams; and
- Permanent food concessions.

In addition, the site has available parking and outdoor space to accommodate other Canada Day activities and attractions.

Traditionally, the Canada Day event attracts families with young children. This audience can be expanded by using The Sports Village site to attract young people interested in extreme sports, skating, and other teenage activities. In addition, the proximity of seniors housing provides the opportunity to cater to seniors by including suitable activities such as musical performances.

The expanded activities and larger target audience should improve opportunities for sponsorship support. The Staff event committee will move forward with developing this year's theme and promoting the event to potential sponsors once the change of venue is approved.

Conclusion

The Sports Village offers state-of-the-art facilities and support services required to stage a successful Canada Day event.

Purpose

The purpose of this report is to detail the activities and distribution of promotional materials in support of the launch of the new Vaughan Vision. The preliminary activities schedule is provided in order to coordinate with Members of Council on the scheduling of proposed Town Hall meetings over the next quarter.

Background - Analysis and Options

The new Vaughan Vision was approved by Council on June 10, 2002, with the amended final version receiving Council approval on February 10, 2003.

The purpose of the Vaughan Vision Communications and Promotion Strategy is to publicize the new Vaughan Vision to Vaughan residents, the business community and City Staff in order to engage and inform external stakeholders and foster the active commitment of all City of Vaughan employees.

Using a PowerPoint presentation and samples of the promotional materials, Commissioner Frank Miele will lead a briefing for Members of Council and the Senior Management Team. This session will emphasize the key messaging for the launch campaign. This will be followed by a briefing of key management staff before a wider internal launch to all City staff.

It is proposed to communicate to the external audience by holding a Town Hall meeting in each of the City's five Wards. Commissioner Miele will be available to make the PowerPoint presentation, with an opportunity for the Mayor, Regional Councillors, and the Ward Councillor to make remarks and lead any public discussion.
