**BROWNFIELDS INCENTIVE PROGRAM**

(Referred from Committee of the Whole Meeting of April 4, 2005)

**The Committee of the Whole (Closed Session) recommends:**

- 1) That the Planning Department, in conjunction with other appropriate departments, provide a feasibility report to a Committee of the Whole (Working Session) meeting by November 2005:**
  - **identifying possible Brownfields Improvement/Rehabilitation areas within the City of Vaughan including, but not restricted to, Woodbridge Core, Keele Street between Major Mackenzie Drive and Teston Road, Nashville Road, and the Jane Street/Highway 7 area,**
  - **identifying which of these areas could be designated as Community Improvement Plan (CIP),**
  - **identifying any available programs that would provide funding for rehabilitation, such as tax incentives under section 365.1 of the Municipal Act, 2001, and any other program of financial assistance,**
  - **outlining the obligations of the landowner in the Brownfield Financial Tax Incentive Program,**
  - **outlining the financial and environmental benefits/disadvantages of the program, and**
  - **outlining the benefits/disadvantages of participation in the program by the Regional Municipality of York.; and**
- 2) That the following report of Regional Councillor Linda D. Jackson, dated April 4, 2005, be received.**

**Recommendation**

Local and Regional Councillor Linda D. Jackson recommends:

THAT the Planning Department, in conjunction with other appropriate departments, provide a feasibility report to a Committee of the Whole Working Session meeting by November 2005:

- **identifying possible Brownfields Improvement/Rehabilitation areas within the City of Vaughan including, but not restricted to, Woodbridge Core, Keele Street between Major Mackenzie Drive and Teston Road, Nashville Road, Kleinburg Gas Bar, and the Jane Street/Highway 7 area,**
- **identifying which of these areas could be designated as Community Improvement Plan (CIP),**
- **identifying any available programs that would provide funding for rehabilitation, such as tax incentives under section 365.1 of the Municipal Act, 2001, and any other program of financial assistance,**

## CITY OF VAUGHAN

### EXTRACT FROM COUNCIL MEETING MINUTES OF APRIL 11, 2005

#### Item 3, CW(Closed) Report No. 20 – Page 2

- outlining the obligations of the landowner in the Brownfield Financial Tax Incentive Program,
- outlining the financial and environmental benefits/disadvantages of the program, and
- outlining the benefits/disadvantages of participation in the program by the Regional Municipality of York.

#### **Purpose**

To protect and maintain safe, clean, liveable communities and to increase the municipality's economic viability.

#### **Background - Analysis and Options**

Brownfields are abandoned, idle or under-used industrial and commercial lands where expansion or redevelopment is complicated by real or perceived environmental contamination due to historic activities. Despite the complexity of developing these properties, they are often in desirable and strategic locations. They represent lost property tax revenue and employment opportunities if left alone.

Currently, brownfields development is occurring in Europe, the United States and other municipalities in Canada with a high level of success. There are great economic benefits for remediating brownfield sites. It often allows development in areas already serviced by roads, water, sewers and other hard service infrastructure. The existing infrastructure can contribute to urban intensification, community revitalization, development and jobs, and/or new housing to take the pressure off greenfields.

Often, brownfield sites are in prime areas of the municipality and would generate higher tax revenue once redeveloped. Brownfield sites that were once considered eyesores within the community would become improved and redeveloped for use by the community, which revitalizes the area and creates new jobs.

The development of brownfields also protects green spaces that would have otherwise been consumed by urban sprawl, ensuring that these spaces are preserved to enhance the quality of life for current and future generations.

#### **Relationship to Vaughan Vision 2007**

This report is consistent with the priorities previously set by Council.

#### **Conclusion**

Participation in a Greenfields Incentive Program may generate substantial benefits to the community and the municipality.
